Reading

## WORK EXPERIENCE

### - Member Technical Team Engineer Perfios

07/2023 - 08/2024

Bengaluru, Karnataka, India

Achievements/Tasks

- Owned a product, which was developed from scratch using **Springboot and Hibernate**. While using **Docker** to run the container containing the WebApp.
- Improved the customer onboarding journey by providing **2-step Email Verification** process, **using Java and Groovy**.

### - Software Engineer - Grade II Digital.ai

06/2021 - 07/2023

Bengaluru, Karnataka, India

Achievements/Tasks

- Single-handedly managed the ETL orchestration flow** (using Airflow) for a reporting dashboard.
- Developed new features end-to-end on a webapp**, which uses Spring MVC, and REST API.
- Improved performance of the Apache Spark app significantly by **reducing the initialization time from 4 mins to 30 secs (faster by ~87%)**.
- Created multiple DAGs on Airflow**, many of which run on a daily basis for multiple customers.

### - Associate Software Developer Accenture

01/2021 - 06/2021

Bengaluru, Karnataka, India

Achievements/Tasks

- Helped in developing a **new feature for AT&T, which is now used by thousands (if not, millions)** of customers of AT&T.
- Was the **student POC for new joinees**, for everything related to the training provided by the company.
